*Helping children find freedom from the past and hope for the future.*

# WHY INVEST IN BETHEL?

Last year alone, over 200 families from the Chattanooga area sought Bethel Bible Village to find hope and healing for a child in their care during a time of crisis created by broken relationships and emotional struggles. It is estimated that nearly 15% of the approximate 80,000 children in Hamilton County under the age of 17 have or will experience multiple Adverse Childhood Experiences. Whether these involve grief, separation, abuse, or instability, the outcomes are significantly improved through Bethel's therapeutic, residential, and academic programs.

With the delicate care of our master's-level social workers, compassion of our loving house parents, and encouragement of our trauma-informed educators, these children learn to manage emotions, control behaviors, build relationships, and thrive scholastically.

Just as Bethel strives to serve well and improve the lives of families in our communities, we recognize your organization has similar aspirations as part of your corporate social responsibility initiatives. We are truly blessed by individuals and companies that remain committed to philanthropic responsibility to create equality, welfare, and access in the communities in which we live and work. As employers create opportunities to live out these values, their employees find purpose and connection with Bethel via volunteer opportunities, special events, food drives, and matching donation programs.

You can be confident that your investment in Bethel is managed with integrity and good stewardship. We strive to direct 84% or more of all contributions toward programs that directly impact families, which is validated by Charity Navigator's 100% Four Star rating of Bethel Bible Village. I encourage you to find a level of support in this guide that aligns with your organization's goals and join us in helping children find freedom from the past and hope for the future.
